

## The Hydrogénies award ceremony 2022

Olivier Jouffroy, director of the UFR STGI and Nadia YOUSFI Steiner, head of the CMI H3E, accompanied by 8 students received the prize for Awareness, Education and Training of the Hydrogénies 2022 competition , the hydrogen trophies.

Congratulations to them!

FCLAB is a partner of the CMI H3E in its awareness, education and training actions.

Very nice recognition rewarding the team of teachers and students.
